

NCC Minutes 6/16/08

Open meeting: 6:35 p.m.

Present: A. Watts, L. Hill, S. Shope, R. Konisky, L. Carroll, later joined by J. Vienneau, D. mason and T. Walker.

A formal meeting was not held as members met at site of the proposed Vienneau subdivision off of Old Lee Rd. to walk the site. Generally managed to locate the road, and noted wetland areas. A. Watts will draft a letter to DES discussing wetland crossings and buffer impacts, as pertains to permit application.

After finishing walking the site, we also discussed the Piscassic Ice Pond dam. J. Smith contacted A. Watts to let us know that a landowner is suing the owner of the dam to have it removed. R. Konisky noted that removing dams generally improves fish passage. The NCC cannot have input as this is a private matter. T. Walker suggested that the landowners contact the Bureau of Dam Management; even if they don't have jurisdiction, they have experience helping landowners resolve disputes regarding dams.

Administrative business was post-poned until the next meeting which will be 7/21/08.

Adjourn 8:05 p.m.

NCC member L. Hill, 6/16/08
